

Sharps Pump and Asset Return System

Sharps' innovative Pump and Asset Return System guarantees timely return of infusion pumps or other expensive equipment to your facility, direct from a patient's home, via UPS. Prepaid asset return boxes save employee time, eliminate expensive pick-up trips, optimize asset utilization, and reduce the risk of lost equipment.

The system's specialty interior foam packaging is designed to prevent equipment damage. In addition, Sharps insures each Pump and Asset Return System against asset loss or damage. Electronic tracking

during transport to your facility prevents loss or misallocation of assets. The Sharps Pump and Asset Return System complies with all applicable federal, state and municipal regulations.

ADVANTAGES

- ◆ Risk of lost assets is reduced
- ◆ Prepaid return boxes save employee time and eliminate expensive pick-up trips
- ◆ Specially designed foam packaging prevents equipment damage
- ◆ Asset utilization is optimized
- ◆ Assets transported are insured for \$2,000 against loss or damage
- ◆ System complies with federal, state and municipal regulations

**YOU TAKE CARE
OF THE DELIVERY.
LET OUR SYSTEM TAKE
CARE OF THE REST.**

Each Pump and Asset Return System includes a specially designed Return Box and packaging material for infusion, medical, or other expensive equipment. Prepaid delivery via United Parcel Service (UPS) includes insurance coverage of \$2,000 for loss or damage during transport. When an asset is no longer needed, the client places it in the prepaid Pump & Asset Return Box for shipping. UPS is notified to pick it up, or it is dropped off at a nearby UPS Store location, and returned to your facility within two days.
