

**SENIOR LIVING**  
INDEPENDENT LIVING, ASSISTED LIVING,  
AND MEMORY CARE

**20**  
YEARS  
EXPERIENCE

With over twenty years' experience, Sharps Compliance is a leading provider of medical waste and unused medication management services. Affordable pricing, no contracts or hidden fees, and online proof of treatment make our services ideal for assisted living communities. Our environmentally-responsible waste treatment helps you remain in compliance with all federal and local mandates.

# SENIOR LIVING

INDEPENDENT LIVING, ASSISTED LIVING,  
AND MEMORY CARE

## MEDICAL WASTE

### Self-Injectors

- Reduce the chance of accidental needlestick in your communities by providing self-injecting residents syringe containment and disposal. A single sharps container can be provided to residents from the **Multipack 1-Quart Sharps Recovery System**. Once full, it is returned to the office for prepaid mailback packaging with other containers.

### Assisted Living and Memory Care

- When sharps containers need to be carried to the resident for use by the clinician, the **1- and 2-Gallon Sharps Recovery System Multipack** with containers and prepaid mailback are the best choice.
- Select the **Covidien 5-Quart Wall Enclosure** for convenient, accessible use on med-carts or wall surfaces.
- The **Sharps Recovery System Medical Professional 20- and 28-Gallon** include everything needed to contain, package, and mail (prepaid) your sharps containers and sealed red bags.
- The **Spill Kit Recovery System** is the only complete solution for both cleanup and disposal through the mail of biohazardous spills, including broken glass and other sharps. This convenient system includes everything your staff needs to be OSHA and state compliant.
- Keep your 20- or 28-gallon systems off the floor and easily maneuverable with the **Sharps Recovery System Rolling Base**.

#### Recommended Mailback Solutions

Sharps Recovery System Multipack	1-quart to 3-gallon	Sharps containers for sharps collection and disposal with one prepaid mailback
Covidien 5-Quart with Wall Enclosure	5-quart	Locked wall or cart mounted sharps collection containers
Sharps Recovery System Medical Professional	20- and 28-gallon	Large collection containers for sharps containers and red bag waste with prepaid mailback
Sharps Recovery System Spill Kit	1.25-gallon	Biohazardous spill kit with prepaid mailback for treatment
Sharps Recovery System Rolling Base	1 cart	Keep cardboard medical waste boxes elevated and reduce lifting injuries

## PHARMACEUTICAL WASTE

- For one purchase price, collect, ship through UPS, and destroy unused controlled (Schedules II-V) and non-controlled resident medications with **MedSafe**, an easy-to-operate, low-maintenance system. No more popping pills! The affordable, DEA-compliant **MedSafe** is great for use in long-term care where the pharmacy collector can manage.
- Long-term care residents can also be provided the **TakeAway Medication Recovery System** envelope to dispose of their unused medications.
- For disposal of unused, non-controlled pharmaceuticals in your community, select the **TakeAway Environmental Return System**.

#### Recommended Mailback Solutions

MedSafe	18- and 38-gallon	Disposal of unused and expired controlled (Schedules II-V) and non-controlled medications
TakeAway Medication Recovery System	1- and 2-gallon	Disposal of unused and expired controlled (Schedules II-V) and non-controlled medications
TakeAway Environmental Return System	10- and 20-gallon	Disposal of non-controlled & non-hazardous medications

## HAZARDOUS WASTE

Sharps offers services for hazardous and universal waste collection, transport, and disposal. Segregate hazardous pharmaceutical waste under the Resource Conservation and Recovery Act with RCRA Hazardous Waste Containers. Safely dispose of universal waste, such as batteries, fluorescent bulbs, and mercury-containing devices, with UN-rated, DOT-approved solutions.

#### Recommended Mailback Solutions

Lamp Recycling	4-foot & 8-foot or mixed lamps	Recycling of fluorescent U-tube and HID bulbs with prepaid return
Battery Recycling	0.5-gallon up to 5-gallon	Recycling of dry-cell and sealed lead-acid batteries with prepaid return
