

## Sharps Dental Amalgam Recycling System™

2-Gallon #D2000, 5-Gallon #D5000

### Safely dispose of dental amalgam and certain other dental waste with the Dental Amalgam Recycling System.

The Sharps Dental Amalgam Recycling System, available in 2- and 5-gallon sizes, contains everything required to safely recycle dental amalgam and other dental waste, properly package it for shipping and return for recycling via UPS. Each system consists of an inner and an outer bucket. The inner contact amalgam bucket is lined with a plastic bag for small amounts of mercury, amalgam-containing items that have come in contact with blood and saliva, sludge from filters and teeth with amalgam. The outer bucket is used to contain lead foil, used lead aprons, non-contact amalgam, x-ray fixer and radiographs.

### SYSTEM INCLUDES

- One 2-gallon (Item #D2000) or 5-gallon (Item #D5000) bucket for dental materials (other than contact amalgam)
- One 0.5-gallon inner bucket for contact amalgam
- One polybag with zipper
- One non-chlorine disinfectant
- One prepaid UPS return shipping box
- Proper treatment and online documentation of treated waste

### ADVANTAGES

- Cost-effective alternative to pickup service, reducing costs by as much as 50% or more
- No contracts or hidden fees – order systems as needed
- Complies with applicable regulations and American Dental Association Best Management Practices
- Easy to package for return, saving you time for other important job responsibilities
- Online tracking and proof of treatment via SharpsTracer available 24/7
