1-Gallon USPS #17001, 2-Gallon USPS #17002, 1-Gallon UPS #87001, 2-Gallon UPS #87002

For the proper disposal of unused or expired patient medications, including controlled substances (Schedules II-V), the TakeAway Medication Recovery System is ideal.

The TakeAway Medication Recovery System provides for the safe collection, return transportation and proper destruction of ultimate user controlled and non-controlled medications. System is available in two sizes and for use by ultimate users, hospice and long-term care facilities.

SYSTEM INCLUDES

- Medication disposal box
- Prepaid return postage
- Proper destruction and online documentation

ADVANTAGES

- No contracts or hidden fees – order systems as needed
- Approved for controlled and non-controlled medications, keeping you in compliance
- Specially-designed nondescript packaging with unique tracking features
- Easy to package for return, saving you time for other important job responsibilities
- USPS and UPS systems available
- Online tracking and proof of destruction via SharpsTracer available 24/7

Please note: The image shown below is for marketing purposes only. The actual system will not be branded as to meet the requirements of the Disposal Act (nondescript packaging).
