

5-Quart TakeAway Recovery System

5-Quart #80501, 5-Quart Intro Kit #80501-INTRO

Small quantity generators in need of a cost-effective and regulatory-compliant disposal solution for sharps will find the 5-Quart TakeAway Recovery System the perfect fit for their needs.

The 5-quart sharps containers' automatic shut off prevents overfilling, while the bold red "FULL" indicates when to change the container. The anti-kickback lid limits accidental or intentional access to its contents, and the locking tabs provide extra safety during final closure. The wall enclosure is ideal for securing sharps containers, keeping counter space clear and helping prevent access to contents in high traffic areas.
